

Gypsy Laut

# ABOUT OUR GYPSY LAUT

The Gypsy Laut charter vessel has been operating in Indonesian waters for 22 years. It has recently undergone a complete refurbishment both externally and internally under new Ownership and Management. All our charters can be completely designed and adapted to satisfy the requests of our clients and you'll be surfing world class waves while you're with us.

The vessel will primarily be available for surf charters in the Mentawai Islands (March-November) however will operate out of Bali from (December-February) for private charter. This would include Island cruises to Lombok and the Gili Islands or the beautiful Nusa Lembongan and Nusa Penida, you can tailor your trip to suit your requirements.
